Point Of Sale

Speed up your checkout with powerful, flexible features.

The system that we are providing is more than just a high tech POS. This is a server-based, retail management solution and can be accessed anywhere, at any time. It allows retailers to unify inventory, manage customers, process transactions and dig deep into their store's analytics. Multi-store capability keeps inventory synced across all locations, facilitating easy-to-manage growth. The design-centric software is intuitive, easy-to-use and simplifies the complex world of retail.

More than just a point of sale

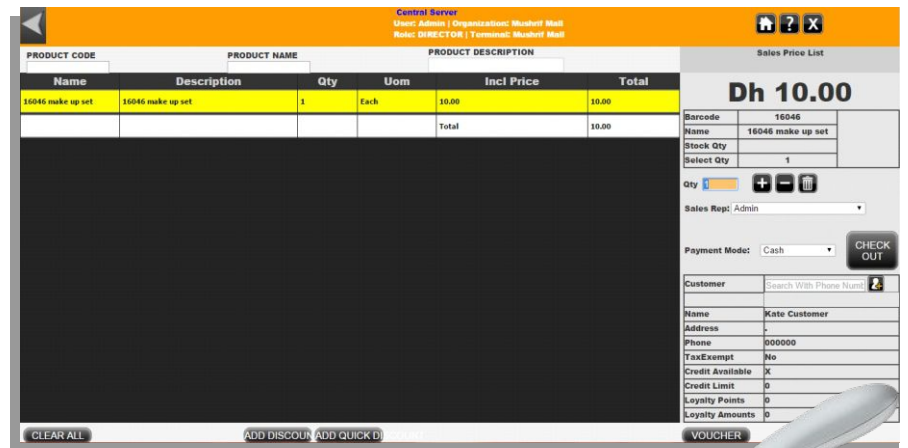

- Simple, flexible, user friendly
- Easy to setup and maintain
- Less training time
- Improved customer experience
- Quick access to sales and inventory
- Easy in database management
- Manage billing, financial account & stock
- Protected by cloud based encryption
